The Singer's Word Game: Say what you see

Each word says one thing and may look like another. Say what it **looks** like, as fast as you can without mistakes. Then sing your test phrase.

- Start slowly. Speed comes later.
- Made a mistake? Smile, and carry on from the next word.
- Time yourself if you like, and try to beat your score tomorrow.

Round 1: Where is it?

Say "high" or "low"

Say where the word sits in its box, above or below the dotted line.

Round 2: How big is it?

Say how big the letters are, whatever the word says.

The Singer's Word Game: The tricky round

Now the rounds are mixed. For **HIGH** and **LOW**, say where the word sits. For **LOUD** and **SOFT**, say how big it is. Your thinking brain has to keep switching, and that's the workout.

Round 3: Mixed

Say "high", "low", "big" or "small"

LOW	LOUD	SOFT	LOW	HIGH
HIGH	SOFT	SOFT	SOFT	LOW
LOW	LOW	SOFT	LOUD	LOUD
LOUD	HIGH	HIGH	LOUD	HIGH

Round 4: Make your own

Write HIGH, LOW, LOUD or SOFT in each box. Place the word high or low, or write it big or small, to trick a friend. Then swap pages.
